HICKMAN, KENTUCKY, THURSDAY, JULY 9, 1914

Number 3

SAYS STRAWBERRIES GOOD MONEY CROP.

T. W. Drewry, of Kenton, Tenn., spent several days last week in Hickman and called at this office and gave us a few of his experiences in growing strawberries. He had read the article in last week's paper on this subject, and wished to add his opinion that the growing of strawberries for shipping was a good idea and that it would pay better than growing either cotton or corn. He says that if the farmers around here would sign up for 100 acres of berries that a buyer would be stationed here and pay eash for every crate that was brought to town. According to his experience of several years, he says that the crop pays from \$80 to \$125 net per acre. What crop does better than that in this

The plants do not bear the first year, but in order to pay for the expense of the plants, rent, etc., for the first year, cabbage should be set out between the rows of strawberry plants, and this will leave a nice profit after paying for plants, etc., and will at the same time keeping the ground in

Another feature that is worth remembering: Picking, packing and shipping the berries would give employment to a number of people that are not now employed, pickers especially making from 50e a day for a 10 year old person to \$2.50 and \$3 for adults.

This matter will probably be taken up by the Young Men's Business League and an effort made to get enough farmers to agree to set out 100 acres of plants to start the proposition. Hugh French, of Route 4, who has had experience in growing strawberries, in conversation with a Courier reporter, said that the country around Hickman is well adapted for growing strawberries and small fruits and that he would be glad to give any assistance he could with the proposi-

ALL BIDS REJECTED.

At the council meeting Monday night, all bids for the city hall property were rejected. We understand the city will not sell this property at present, but will make such repairs as is needed and continue to rent it.

Several sealed bids were received as the council had decided to reject all bids, none were opened. The council doubtless has good reason for holding the property, yet, if its sale should be the means of getting a new building, including a modern opera house, we are sorry the city didn't turn it loose.

"PERILS OF PAULINE" AT CRYSTAL TODAY.

That masterpiece of movie fiction, "Perils of Pauline," will again be given at the Crystal this afternoon and night. The showing today will be installment No. 2, consisting of three reels. This sensational serial picture is a \$25,000 production and without doubt the best picture ever threwn on a screen. Don't miss it. No extra charge.

One of the unique experiences of the ticket selling committee for the chautauqua, Tuesday, was getting an order or check written on a block of wood. A gentleman bought tickets and being where he could not procure a check, picked up a piece of wood and wrote a check form on it. Needless to say it got the cash when presented.

It's fun to go "kodaking" and to have good pictures that will be just as good ten years from now. For the best earners and supplies, or expert photographic work, go to Helm & Ellison's.

Waiter Wayner and wife returned to their home in Wingo, Monday, after a visit to Mr. and Mrs. S. A. Choate.

EVERYTHING READY FOR CHAUTAUQUA.

The local committee looking after the chautauqua decided to locate the attraction in the Carnegie library grounds, this being by odds the most practical of all sites offered. The big tent covers a space of more than 100 feet square and a suitable location in the heart of the city could aot be found. Others were too far out or lacked water and other

The big tent and other equipmen: arrived yesterday and has been put in readiness.

By a concession on the part of the management, season tickets may still be bought at \$2 each up to the time of the first performance, which begins at 2:30 this afternoon. If you expect to attend the entertainment, a season ticket is the cheapest. We understand the committee still has a few tickets on hand which may be had at this price.

The performances will begin at 3:00 and 8:00 o'clock, instead of 2:30 and 7:30.

Vesper service Sunday afternoon will be in charge of local pastors and is calculated to be a union service for all churches of the city.

The big tent seats 1,000 people. There are no reserved seats.

GOV. McCREARY WILL SPEAK AT HICKMAN.

SCHOOLS ARE THE FOUNDATION

PROGRESS AND PROSPERITY OF STATE DEPENDS UPON EDU-CATIONAL ADVANTAGES.

CHOOSE GOOD MEN TRUSTEES

Office in Many Instances Has Fallen Into the Hands of Incompetent and Indifferent Citizens.

To All Our Fellow Citizens Who Love Kentucky and Wish to See Her Advance to a Higher State of Prosper-Materially, Morally and Intellectually-Greeting:

The schools are at the very foundation of all prosperity and progress. The quality of our schools inevitably set the standard of our citizenship. The quality of our schools must be the result of the qualifications, interests and activities of our trustees, teachers and patrons.

The trustees as a rule choose the teachers. The County Boards are made up from the ranks of the district trustees and all the affairs of the school district are in the hands of, or under the influence more or less of the trustee, hence the vital importance of choosing the very best and most suitable man in each district for the office of district trustee.

it is true that hitherto this office has generally been despised and looked down upon as unworthy of great consideration. As a consequence it has largely fallen into incompetent and indifferent hands, and as a result the children's heritage has been sold for less than a "mess of pottage."

But we are glad to see a great change coming, the people are beginning to recognize the very great importance of this office and we believe are going to see it filled with the best ability in each district.

For this reason we think it is opportune to call the attention of the school patrons especially, and the public in general to the fact that on the 1st day of August next these important offices are to be chosen by the

We would emphasize with all posder the act of 1914, in the opin- sible force and urgency that the ion of Assistant Attorney General voters turn out on the day of the elec-M. M. Logan. This act adds to tion for school trustees and choose the penalty for the first convic- men of character, of breadth of view, of activity, of earnest purpose, incorruptible, and who it may fairly expected will prove loyal to the interkeeping with its line of decisions ests of the children. Elect him and the Court of Appeals would hold make him serve. As a rule we would that this added penalty would de- not advise the election of a man who

McFerran, Chairville Commercial Club.

WHAT A LIVE TRUSTEE CAN DO

As illustrating some of the few important things that a live trustee of broad view and real interest in his office might have in mind and be instrumental in accomplishing, attention is called to the following:

"A school expecting to reach the highest degree of efficiency must work under auspicious conditions. These conditions include a comfortable, attractive school building, surrounded by beautiful, well-kept grounds. The condition of the building and grounds is a correct index of the appreciation of the community for the school. The parents, and not the children, are to be judged by the appearance of the school buildings and grounds."—Doughty, State Superintendent of Schools.

ent of Schools.

The Site.

The trustee whose duty it may be to select the site should aim to provide for the largest convenience of all the children who are to attend. One of the most important features is the healthfulness of the locality. An elevated piece of ground, a knoll, or a gentle slope should be chosen for the reason that the drain-age should be from and not toward the house. Sand or gravel sub-soll affords natural drainage, and a southern or eastern slope secures the rapid evaporation of surface water and is the most favorable to the admission of health-giving sunlight. The house should stand where there will be free play of breezes. Trees should be near, yet not so near set to shade the house completely or to shut out the breeze and sunlight are essential to health. A school house should never be built on low or marshy ground, near stagnant pools, or in the neighborhood of offensive odors, nor should it in any tender the site whose duty it may be to select the site should aim to provide for the largest convenience of all the children who are to attend. One of the most important features is the healthfulness of the locality. An elevated piece of ground, a knoll, or a gentle slope should be chosen for the reason that the drain-age should be from and not toward the house. Sand or gravel sub-soll affords natural drainage, and a southern or eastern slope secures the rapid evaporation of surface water and is the most favorable to the admission of surface water and is the most favorable to the admission of surface water and is the most favorable to the admission of surface water and

Water Supply On every school house site there should be a well-protected well so placed and guarded as to be perfectly secure against surface drainage or filth of any kind

The School House. The School House.

A building should be fitted for the school on the same principle that a dwelling is made for the family; the health and comfert of the children should be the first consideration because all their future will be affected by the impressions they receive and the habits iney contract at school. They will reach maturity with more or less vigor and make better or worse citizens according to the influences there exerted upon them.

Grounds The crection of a suitable building is one good step, furnishing it well is another, employing a good teacher is of the greatest importance, but beyond these the improvement of the yard and grounds is worthy of much attention. Children catch the sentiment of a place by inspiration. The beautiful lawn, the shady grove, the inviting playgrounds have a charm for them, even the flower border impresses rough and reckless fellows with respect. It helps to refine their thoughts and purify their hearts.

The Architect.

The Architect.

One of the first and important things in the construction of a school is the employment of an architect. The architect is regarded as an almost useless expense by some people. The nine of all good architects from earliest antiquity has been to build permanently and to build nobly. The charge of all reputsible architects are about the same. It is poor economy to employ a man who does not know his business because his price is less. You pay more for what you get but do not know it—Department of Education, Kentucky. The Architect.

At a meeting held here in the office of T. W. Vinson, secretary of the Kenner, superintendent of Nicholas coun ty, and C. M. McAllister and C. D. Lewis, of Berea College. Among other places Miss Gardner will speak at Green, Ky. Louisville at the Jefferson county institute the week of August 29. T. J. Coates will address the joint Franklin, Scott, Woodford and Jessamine county institute at Nicholasville July 14. Secretary Vinson, John B. McFerran. of Louisville; T. J. Coates, Miss Lida E. Gardner and C. D. Lewis attended the conference here. Each county institute will set apart one day for the

Negroes May Teach. Attorney-General Garnett gave to G. P. Russell, or Frankfort, president of the Kentucky Normal and Industrial Institute, his writteen opinion that diplemas from that institution, signed by all the trustees of the college except the State Superintendent of Public Instruction, are valid. He said further that such diplomas authorized the Ky holders to teach in the negro common schools of the state. State Superin- Hickman, Ky. tendent Hamlett did not sign the diplomas this year, and had instructed to permit the graduates to teach in the negro common schools without a special examination. This opinion of Garnett overrules Hamlett. A friendly suit ton, Ky.

the statute.

Money Being Wasted, That the money of the taxpayers of Kentucky is being wasted by the maner in which the Kentucky Normal and is the opinion of State Superintendent night. Get a 25c bottle of Dr. Barksdale Hamlett, chairman ex-officio of the board of trustees of the institution. He said that board has ceased the custom of meeting monthly in his office, and his expressed wonder as to why an opinion from the legal department should be requested in regard to the validity of the diplomas issued to graduates from the Kentucky Normal your druggist. and Industrial institute.

may be filed to get a construction of

All Profits Made.

The State Railroad Commission de clined to enter a final order in the complaint of J. M. Richardson, of Glasgow, against the Glasgow Railway Co., a road operated by the Louisville and Nashville. Richardson protested against the passenger rate of five cents a mile charged from Glasgow to Giasgow Junction. The question for the commission to determine is whether It is a violation of a carrier's duty to line and then privilege that line to charge a greater rate than that which prevails over the entire system.

Fireworks Forbidden.

Frankfort. Fireworks of all kinds were forbidden. The children went to pic nics, and the older people attended the Chautauqua. But two accidents were reported in the county.

Deed of Trust.

A first mortgage deed of trust in favor of the Central Trust Co. to secure a bond issue of \$3,000,000 was filed in the office of Secretary of State C. F. Crecelius by the Elkhorn & Beaver Valley Railroad Co.

Must Conform To Law.

Dr. O. L. Aultz, city health commissioner, in an interview, declared that all dairies operated in Charleston must either be made to conform with the laws of sanitation or close down at

County School Notes By Miss Virginia Luten County Supt.

There are twenty-five white rural schools in the county, eight of these schools opened this week, five others will begin July 13th. The trustees have endeavored to get well qualified teachers and have been very successful in their efforts. Eleven teachers hold state certificates. Sixteen have attended high school, nineteen have attended normal school, and eleven have attended both high school and normal schools. One has also had one year in State University. All except three have had one or more years experience in teaching.

The teachers will please meet at the court house Saturday aftermoon at one o'clock instead of wo, as previously announced. chautauqua program may have in opportunity to do so.

The new school years began July 1. Teachers have been eected as follows:

THIS IS THE LIMIT.

Jack Johnson's white wife, who took the place of the other one about 12 o'clock Saturday night he threw off and married him and was completely destroyed, aafter her mother had tried to long with a lot of corn, hay and break off her relations with the oats. How the blaze started is negro, is with him in Paris and not known. When first discovreport says she was at the John-ered, the flames were coming son-Morgan fight bedecked with through the roof and evidently diamonds, and frequently cried started in the loft. Mr. Pruett "Hit him, dadd," "come along, managed to get twelve head of pop," while the black giant was stock out of the barn in time to fighting the white man.

Cures Old Sores, Other Remedies Won't Cure. The worst cases, no matter of how long standing, are cured by the wonderful, old reliable Dr. Porter's Autiseptic Healing Oil. It relieves Pain and Heals at the same time. 25c, 50c, \$1.00

It is now coming out that the Civil War in the republic of Mexico, has been promoted, if not started, by the rivalry of American and European oil companies over government concessions of oil fields. The English capitalists secured concessions from Huerta, and the Americans, wanting the oil fields themselves, financed Carranza to drive Huerta from the country and nullify the concessions to the English. There are no policies of government involved. The only thing at issue is which gang should get the oil fields. The Mexican people have no real interest in the result.

The boys are still smoking cigarettes. Will the new law be enforced or will it be allowed to go the way of a great many oth-

Ed Nye, the negro who attacked Sheriff Bailey Huddleston Monday night was tried Friday. He was charged with carrying concealed weapons. He was tried by Esq. R. A. Browder, and was fined \$50 and given twenty days in jail, also under the new law was disfranchised for two years .-Fulton Leader.

Farmers of Todd county declare that they will feed their wheat to the hogs rather than accept 75 cents a bushel, the current price. And yet, we've seen

Everywhere

Praise Lydia E. Pinkham's Vegetable Compound

Women from the Atlantic to the Pacific, from all sections of this great country, no city so large, no village so small but that some woman has written words of thanks for health restored by Lydia E. Pinkham's Vegetable Compound. No woman who is suffering from the ills peculiar to her sex should rest until she has given this famous remedy a trial. Is it not reasonable to believe that what it did for these women it will do for any sick woman?

Wonderful Case of Mrs. Stephenson, on the Pacific Coast.

INDEPENDENCE, OREGON .- "I was sick with what four doctors called Nervous Prostration, was treated by them for several years, would be better for a while then back in the old way again. I had palpitation of the heart very lad, fainting spells, and was so nervous that a spoon dropping to the floor would nearly kill me, could not lift the lightest weight without making me sick; in fact was about as sick and miserable as a person could be. I saw your medicines advertised and thought I would try them, and am so thankful I did for they heiped me at once. I took about a dozen bottles of Lydia E. Pinkham's Vegetable Compound and also used the Sanative Wash. Since then I have used them whenever I felt sick. Your remedies are the only doctor I employ. You are at liberty to publish this letter."—Mrs. W. Stephenson, Independence, Oregon.

A Grateful Atlantic Coast Woman.

Hopgon, Mr.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an opera-tion. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. Hayward Sowers, Hodgdon, Maine.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's allments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E.PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

Then Senator Eberhart was elected to the office of Lieutenant Governor. Following Governor Johnson's death, Mr. Eberhart filled out his unexpired term and then was elected governor and today is candidate for the United States Senate.

During his term of administration as governor, there have been 240 centralized schools established and in the rural districts 400 district schools abolished

THE LETTER "E."

Here is a bit of "exchange" that is going the rounds of the press just at this time: A certain party has advanced the opinion that the letter E is the most unfortunate letter in the English alphabet, because is is always out of eash, forever in debt, never out of danger and in hell all the ime. For some reason unknown to us he overlooked the fortunates of the letter and we call his attention to the fact that E is never in war, always in peace, it is the beginning of existence and the end of trouble. Without it there would be no meat, no life and no heaven. It is the center of honesty, makes love perfect and without it there would be no groceries, hotels, money, stores, horses, water, editors, devils or news as well as a great many other useful things.

REFRESHING SHOWER . FELL HERE YESTERDAY.

A much needed and refreshing showers fell here yesterday afternoon. The precipitation was a little more than one-half inch. While not enough by any means to meet our present needs, it did a wonderful amount of good. No rain fell south of Woodland Mills, we are informed, but Fulton, Cayce, Moscow and part of the lower bottoms were in the shower zone.

It may be said that the drouth still continues, which dates back to May 4th. Many farmers contend that the corn crop has already been cut to half, especially the early crop. A large portion of the corn ground in the upper bottoms has not yet been planted and cannot be until a good rain

many people are hauling water for family use. Roads, for the most part, are next to impassable on account of deep dust.

Stock water is very searce and

Comments of World-Famous Men on the Chautauqua

Keep in Mind that Our City Is to Have a Great Five-Day Chautauqua Program This Season

Hon. Theodore Roosevelt, Ex-President of the United States, says:

"The chautauqua is the most distinctively American thing in this country."

Hon. William Jennings Bryan, Secretary of State, says:

"The chautauqua affords one of the best opportunities now presented the public speaker for the discussion of questions of interest to the people. The audience is a select one and always composed of the thoughtful element of the community, and as they pay admission they stay to hear. I believe that a considerable part of the progress that is now being made along the line of moral and political reform is traceable to the influence of the chautauqua.

Dr. Frank W. Gunsaulus, the World's Greatest Preacher and President of Armour Institute of Technology, says:

The chautauquas have become a great people's university. They are among the greatest feeders for our colleges and universities. He further states that ten per cent of the students in the institution of which he is president. Armour Institute, owe their presence to the chautauqua influence."

Hon. Champ Clark, Speaker of the National House of Representatives.

"A great many newspaper wits shoot their shafts at chautauqua lecturers, and certain purse-proud editors undertake to make it a sin for a public man to lecture for pay. They think it the height of sarcasm to refer to a public man as a chautauguan. There is one great virtue in chautauqua money. It is clean money. You do not have to explain where you got it. If a man does not desire to go to hear a lecture, there is no law to compel him to do so. The chautauqua has been a powerful force in directing the political thought of the country, which is largely sociological in these latter days. I defend the chautauqua and the chautauqua lecturer, with whom I have been associated, because they constitute as fine a group of men and women as can be found among the splendid citizenship of America. I have a deep and abiding interest in them, and bid them a hearty godspeed in their work."-From

Chautaugua Lecturer Who Has Studied Labor Problems In the Laboratories of Living Men

REV. GEORGE L. M'NUTT.

EORGE L. M'NUTT, the "dinner pail man," who is to lecture at our Chautauqua on "Culture and Democracy," has been upon the platform for years, and few men have had more return dates than he. As Governor Hoch of Kansas says, "He has a big brain, a big heart and a big message." Mr. McNutt was a farmer boy, Hoosier born, from Douglas county, Ill. A student for a year at Princeton university, a graduate of Wabash college, he became a Presbyterian preacher at Urbana, Ill. To the west of the church was the University of Illinois, with its army of students; to the east the shops of the Big Four railroad, with its 500 dinner pail men. Thus from the first the preacher was confronted with the practical relations of culture and democracy. After preaching fifteen years in Urbana, Indianapolis, New York city and the far west Mr. McNutt entered the University of Hard Knocks to study first hand social and economic questions. Beginning as a roustabout in an iron mill, the preacher worked incog. through Indiana, Ohio, Pennsylvania, Maryland, New York, Boston and through New England up to Maine. For seven years the man from the pulpit, with his wife and boys, fived the life of the unskilled day laborer's family, studying the problems and conditions of the laboring people in the laboratories of living men. Mr. McNutt's lecture here will be one of the features of the Chautauqua.

On Chautauqua Program This Afternoon

Doing hard work in a bent or stooping position puts a stitch in the back that is painful. If the muscles have become strained, you can't get rid of it without help. The great penetrating power of BALLARD'S SNOW LINIMENT will appeal to you most strongly at such times, because it is the very thing you need. Price 25c, 50e and \$1.00 per bottle. Sold by Hiekman Drug Co.

Mayor Crump, of Memphis, offers a reward of 5 cents for each live rat captured, to be examined for bubonic plague germs. Something similar should be done in Hickman-except that our reward should read: "dead or a-

Go to the Crystal tonight.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the car. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the muccus lining of the Eustachian Tube. When this tube is inflamed you have a ruzabling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the muccus surfaces.

We will give One Hundred Dollars for any case of Deafness (ccused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for elirulars, free.

F. J. CHENEY & CO., Toledo, Ohio.
Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

Mediation is practically dead for the summer. To wait on Carranza's proposed vote of his generals will require many weeks, as several of them are beyond the reach of wire communication.

SONG OF THE SOIL.

Robert G. Ingersol was once asked by a young man to use his influence in getting him a govern ment elerkship. After Mr. Ingersol learned that the young man had a wife and baby, and was just off the farm and the possessor of

forty acres of land, he said:
"Young man, I would rather have forty acres of land with a log cabin on it and the woman I love in the cabin, with a little grassy, winding path leading down to the spring where the water gurgles from the lips of the earth, whistling night and day to the white pebbles a per- in the house, office or store adpetual song-with hollyhocks oining your how would you stand growing at the corner of the in regard to a fire insurance polihouse, and morning glories bloom cy? Have you got one at all? ing over the low latched door — Is it in a sound and reliable comwith lattice work over the window pany? Now is the best time to so that the sun would fall cheek- think about it and to take out a wings searing in the summer air, know. See us about a policy at than to be the clerk of any gov ernment on earth."

QUIT TAKING RISKY CALOMEL

Here is a vegetable tonic that is far better for you to take than the dangerous drug and poison called calomel. You never can tell when calomel is going to "get you." That's the worst thing about taking so uncertain and dangerous a drug for constipation and liver trouble. mel is liable to salivate you or 'knock you out" for at least a day the very next time you try

Hickman Drug Company has the mild vegetable remedy that successfully takes the place of calomel. This remedy is Dodson's Liver Tone, a very pleasant tasting liquid that gives quick but gentle relief from constipa-

tion, torpid or "lazy" liver. Dodson's Liver Tone is fully guaranteed, and if you buy a large bottle for fifty cents and it does not entirely satisfy you, the drug store where you bought it will promptly give you your money back with a smile.

Dodson's is fine for both children and grown people.

IN MEMORY OF CLIFFORD TRUE.

Clifford was born June 15, 1913 and died May 27, 1914, age one year, eleven months and twelve days. How lonely it will be with our little Clifford to brighten and cheer the home. But we can only point the bereaved family to the love of God who doeth all things well and say, weep not dea father, mother brother and sisters, from he has been called to a better land where there will be no sorrow, sickness, pain nor

death. Farewell little Clifford, farewell Twas so hard from thee to part. Although the Lord has called thee It almost breaks our heart.

Twas so hard to give thee up But 'twas God's will and we must humbly bow and drink the bitter We know thy sinless soul is free

Thou art saved by Christ's atoning blood So freely shed for thee. So we must say farewell Thou art only gone before.

In heaven we shall meet again Where parting comes no more. -One who loved him.

COLD SODA, of all kinds; also Armours Grape Juice. - Pra- they're better.-Bettersworth & ther & Malone.

IN REACH-OR OUT?

Suppose a fire broke out today ered on the dimpled babe in the policy if you haven't one. You cradle, and birds, like songs, with can't get it afterwards you once. The cost is small - the benefits great.

Admission to children's Hour free to all.

Speaking of the present, and o us unprecedented, dry weather, the Oracle of the Gazette office remembers when, in 1854, a drought set in in June and lasted SYCAMORE ITEMS. until Christmas. Notwistanding the weather conditions, a wonderful corn crop was harvested. Again in June, just twenty years later, southwest Kentucky had another drought. Farmers living Mr. and Mrs. Jim Benton, of near Luten spent Wednesday night n Calloway and Graves counties drove their cattle to the bottom lands of Hickman county to feed on the cane then so plentiful. But the farmers here objected and, in order to preserve the food for their own stock, shot and killed the alien herds. Now, forty years later, we are once more threatened with another drought. -Clinton Gazette.

Mr. and Mrs. T. R. Powell deghtfully entertained a few friends with a launch party Monday evening in honor of their guest, Miss Margaret Miller, of Columbia, Mo. The party was carried by gasoline launch to a point about six miles up the river, where a lunch was spread and enjoyed by those present. In the party were Miss Miller, W. C. Reed, Judge W. B. Amberg, wife and son, T. M. French, and Miss Frankye Peavler, A. E. Kennedy and wife, and T. R. Powell and wife
